

## COILSPRING COMPRESSOR FLOOR STANDING, 1500 KG

### Information

- Capacity: 1500kg
- Foot operated hydraulic unit with safety chain.
- More efficient and quicker than ratchet style compressors.
- Yokes are coated in a rubberised plastic to prevent damage and slippage.
- Suitable for spring with a diameter of 80 to 175mm
- Complete with two sets of yokes.
- Available separately: 819-1-WW: Replacement Hydraulic Ram.

### Precautions

Always wear safety gear.  
Working in a clean and safe environment.  
This task should be carried out by trained personnel.  
Make sure to consult manufacturers manual.  
Do NOT use with air tools.

## Instructions

---

### Step 1

Ensure both inner guards are bolted to the upper bracket with four bolts.

### Step 2

Add the outer and inner guards using the hinge pins and the lock with split pins.

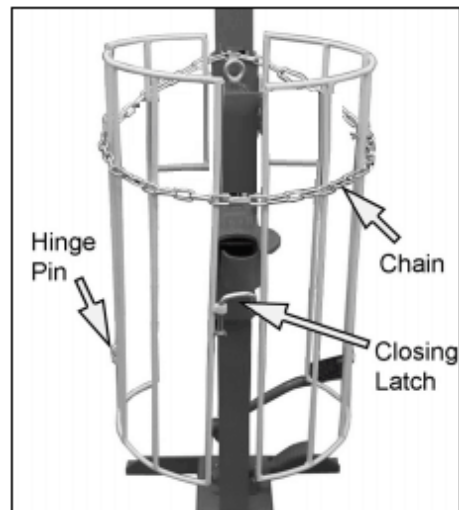

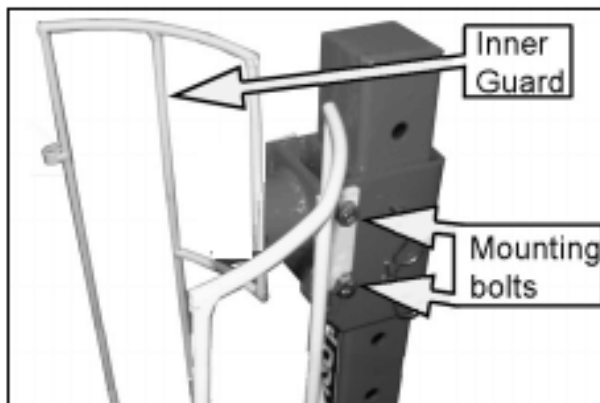

### Step 3

Latch the closing latch onto the guards.

### Step 4

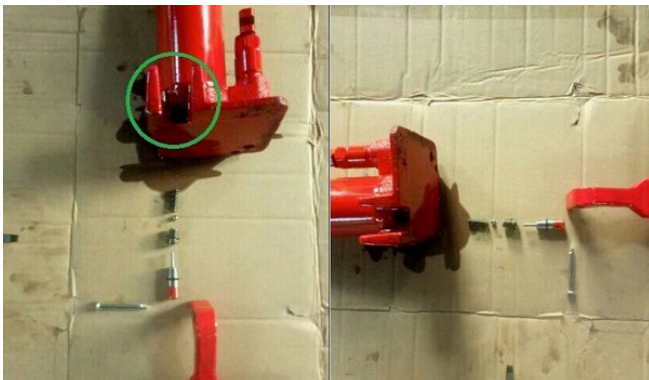

Ensure the safety chain is wrapped around the inner and outer guards as shown before operating the compressor, and connect the two chain ends with the snap hook.

Warning: If at any point the coiled spring begins to shift out of the jaws while compressed, cease operation until it has been secured and is safe to continue.

## Servicing

---

If the unit sits unused for a week or more at a time; you may need to remove and reinstall the return valve to ensure smooth operation.

Be sure to do this regularly if the product often sits unused to ensure no damage is done during operation.

***Failure to properly maintain the unit and ensure its correct operation prior to use may void the warranty.***

## Warranty

---

If you are unsure on how to use the item please contact us. If it were to fail due to a manufacturing fault or poor workmanship we will repair or replace it. Please contact your local dealer in the event you need to send the item back. You can also make a repair/replacement request on our website and download & complete the form online. Normal wear and tear along with misuse will void any warranty. Consumables are not covered under warranty. Warranty is void if damage occurs through improper care or servicing of the unit.
